

Web and Graphic Design

Beagle Productions is currently looking for a talented Graphic Designer to join our team.

We need someone with a strong background in visual and information design to help us create beautiful and award winning digital solutions. The ideal candidate will be passionate about design, have strong conceptual and production skills, and be ready to create in a fun but challenging work setting.

Responsibilities

- Wow our existing and future clients with creative brilliance
- Create amazing concepts on time and on budget
- Collaborate with teammates on innovative new ideas

Qualifications

- At least three years of experience in creative design, web design and/or mobile conceptual design.
- Experience creating user interfaces a must.
- Post secondary education in Creative Design or equivalent related experience.

Requirements

- Experience designing for mobile applications an asset
- Experience designing for web applications and software an asset
- Knowledge of web development and Marketing is an asset.
- Experience in an entrepreneurial "all hands on deck" environment an asset.

Please send resumes and portfolios to Trent Perehudoff at careers@beagleproductions.com
